Principal's Report

Market Day

What a fabulous first ever Market Day! Congratulations and thank you to everyone involved. There was so much that went into this being such a successful day, both up front and behind the scenes. It was terrific to see all the parents, carers and families who came along to share in the excitement. The feedback from parents was that it was a wonderful day and the smiles on all of our students showed how much they were enjoying themselves. A special well done to staff and students in grades 5 and 6 for all of the work, planning, organisation and implementation. Market Day is a culmination of the grade 5 and 6 Economics Inquiry unit where students:

- describe the difference between needs and wants and explain why choices need to be made,
- consider the effect that the consumer and financial decisions of individuals may have on themselves, their family, the broader community and the natural, economic and business environment and,
- identify the reasons businesses exist and investigate the different ways they produce and distribute goods and services

IMPORTANT REMINDER – PLEASE USE SCHOOL CROSSINGS

An important reminder to all students and parents/carers to please ensure that you use the school crossings. Please discuss this with your children so that everyone stays safe while crossing the road.

National Recycling Week

Thank you to everyone who donated a gold coin (or two!) for our fundraising event for Planet Ark. Students participated in a recycling activity with bottle caps on the day, and learned about the importance of recycling. Thanks to the SRC we now have a recycling bin outside the canteen as well. Our school raised \$329.80 for Planet Ark!
